

How to Use Examripper for Apex Learning

Watch this complete video tutorial before you start:

Step-by-Step Guide

1. Download Examripper

- Visit the [Chrome Web Store page for Examripper](#)
- Click "Add to Chrome" to install the extension.

2. Log Into Your Account

- Once installed, open Apex Learning.
- You may be prompted to log into your Apex Learning account—follow the instructions and complete login.

3. Navigate to Any Apex Learning Quiz or Test

- Open the quiz or test you want Examripper to help with.

4. Access Examripper Menu

- Look for the Examripper menu icon in the bottom right corner of the screen.
- Click the icon to open the extension menu.

5. Configure & Start

- Choose your preferred settings (e.g., "Action Delay," "AFK Mode," etc.).
- Click "Start."
- Examripper will automatically begin solving the quiz for you.

Tips:

- You can select which subject or quiz type you want to work on.
- "AFK Mode" allows the extension to auto-advance to the next quiz, so you don't have to do anything.
- The extension is designed to sometimes answer questions incorrectly to appear more realistic.
